Description

Technical characteristics

- Security level: 10 out of 15
- Product size: 90 cm
- Robust 5 mm joints covered with a silicone coating for good protection of the bike's paintwork
- The alarm activates for 15 seconds (100 dB)
- The alarm is based on the ABUS 3D system which detects the slightest movement
- Intelligent alarm: In the event of slight and rapid movement, the anti-theft device will only emit a short alert tone
- Different tones will inform you of the battery status and alarm activation
- The joints are connected together by rivets
- A hinged construction allows the lock to be easily folded into a compact format

- The ABUS Plus cylinder offers very effective protection against any manipulation attempt, such as picking
- Delivered with two keys and SH support
- 2 year warranty
